

QLD General Safety Induction White Card

(formerly known as the blue card)

APS Training Group is a Registered Training Organisation (Provider No: 31588) under the Australian Quality Training Framework and are pleased to offer the following course:

Course outline: A white card is a mandatory requirement under the law for all persons wishing to carry out construction work. Persons doing the course will develop basic skills and knowledge in relation to relevant Workplace Health & Safety obligations and requirements, construction hazards and control measures, risk management, communication and reporting processes and incident response procedures.

The course is split into four (4) modules each consisting of an interactive presentation with integrated activities and a final assessment. The modules must be completed in order and each must be fully completed before advancing to the next.

Delivery mode: This course is offered online available at APSTG facility.

Prerequisites: There are no pre-requisites for this course

Who should attend: This course has been developed to cater for all QLD residents and persons wishing to perform construction work in Queensland.

Elements of Competency:

1. Identify OHS legislative requirements.
2. Identify construction hazards and control measures.
3. Identify OHS communication and reporting processes.
4. Identify OHS incident response procedures.

Note we also have Tasmania and Western Australia ONLINE
